

## 4401I

### Analog smoke detector with isolator

#### Features

- › State of the art detector for highest safety
- › Built-in short circuit isolator
- › Supports auto-addressing
- › Nuisance alarms reduced by up to 46% by using Advance mode:
  - Variable sensitivity and time delay based on smoke changes just before and after fire alarm level has been reached
  - A learning function will ensure that the most suitable fire alarm algorithm is always used
- › High-tech mesh net prevents dust and insects to enter the detection chamber
- › Installation date and automatic service signal

#### General

- › Tested and approved according to EN54-7 and EN54-17
- › VdS approval: G220004
- › CPR: 0786-CPR-21673

#### Order number

- › 4401I - Smoke detector with isolator
